## SUMMARY

Detail-oriented Computer Science engineering student with strong problem-solving and analytical skills. Experienced in working on both front-end and back-end aspects of software projects, with a foundation in testing, debugging, and documenting processes. Quick learner with adaptability to new technologies and ability to troubleshoot issues effectively. Skilled in collaborating with peers and communicating technical concepts clearly. Eager to gain hands-on experience as a Graduate Engineer Trainee (Software Application Analyst Intern) and contribute to improving software functionality, performance, and user experience.

## SKILLS

Programming	C/C++, Python, JavaScript
Web Development	HTML5, CSS3, React.js, Node.js, REST APIs
Software Testing	Manual Testing, Functional Testing, Debugging, Test Case Documentation
Tools	Git/GitHub, VS Code, Postman, MySQL, Figma
Soft Skills	Problem-Solving, Communication, Team Collaboration, Adaptability, Quick Learning
Generative AI Tools	Skilled in leveraging AI tools like ChatGPT, Cursor.ai, GitHub Copilot, etc. for debugging, optimized solutions, and boosting development workflows

## EDUCATION

<b>Poornima College of Engineering</b> , Jaipur, Rajasthan	08/2022 – 05/2026
Bachelor of Technology in Computer Science and Engineering	
<b>RBSE (Rajasthan Board of Secondary Education)</b> , Jaipur, Rajasthan	04/2019 – 03/2021
High School	

## LANGUAGES

<b>English</b>	Intermediate
<b>Hindi</b>	Native

## TECHNICAL EXPERIENCE

<b>Portfolio Website</b>	<a href="#">Live</a>
Designed and deployed a personal portfolio website to showcase skills, projects, and achievements with modern UI/UX principles and responsive design.	
<b>Netflix (React + Firebase)</b>	<a href="#">GitHub</a>
Built a responsive Netflix clone with React, Firebase authentication, and TMDB API integration for fetching movies/shows. Focused on clean UI and scalability.	
<b>Weather App</b>	<a href="#">Live</a>
Weather App (JavaScript, OpenWeatherApp API) – Responsive app showing live weather updates (temperature, humidity, conditions) with Netlify deployment.	
<b>Team Profile Rotation</b>	<a href="#">Live</a>
Team Profiles Rotation using CSS with modern theme i.e. attractive.	

## ACHIEVEMENTS

- **Web Development Certification** – Completed hands-on training in frontend and backend development.
- **Cisco: Introduction to Cyber Security** – Gained knowledge of cyber threats, network security, and security practices.
- **Fortinet: Cyber Threat Landscape** – Learned about modern cyberattack techniques, threat vectors and mechanisms.
- **Hackathon Participation** – Collaborated in a team to design and develop innovative solutions under time constraints.
